

Foundations in Public Participation

Building Capacity for Effective Public Participation to Promote Sustainable Decision Making

Elmah Nthebolan

Facilitator:

- Licensed Trainer by the International Authority in Public Participation (IAP2)
- Botswana Qualifications Authority (BQA) accredited Trainer

Academically Elmah holds an MSc (Environmental Science) and a PG.Diploma in International Environmental Law. On the corporate front, she is an Executive Director (Environment and Planning Studies Service Area) at Geoflux (Pty) Ltd. She has 20 years experience, 18 of which were spent gaining insight into planning and execution of public participation as part of broader Integrated Environmental Management (IEM) for projects covering various fields viz: water development, tourism development, commercial, mining, land use and waste management for both government and private sectors.

In terms of professional membership and development, Elmah is a certified Principal Environmental Assessment Practitioner with the Botswana Environmental Assessment Practitioners' Association. She is also a member of the International Association for Public Participation (IAP2) Southern Africa Affiliate. She is a licensed trainer by the Federation Board of the International Association for Public Participation. Furthermore, she is an accredited trainer for Public Participation and Integrated Environmental Management with the Botswana Qualifications Authority (BQA).

The Course Structure

Content by IAP2

MODULE 1 : Planning for Effective Public Participation (2 DAYS and pre-requisite for other Modules)

At the end of the course students would have learnt:

- Steps needed for planning effective participation, including information, timing, resources,
- techniques, and defining roles and responsibilities
- Ways to identify stakeholder/publics
- Selection of the appropriate level of public participation
- How to set clear, shared objectives for effective participation
- Developing a public participation plan
- How to identify appropriate evaluation tools to measure the effectiveness of public participation.

MODULE 2: Techniques for Effective Public Participation

At the end of the course students would have learnt:

- Tools and techniques that can be used at all levels of the IAP2 Spectrum
- How to use IAP2's tools and techniques framework to assist in selecting tools appropriate for particular situations
- How to use various techniques with the view to:
 - Promote awareness by sharing information
 - Foster meaningful discussions
 - Gather feedback
 - Facilitate agreement

Course Completion Certification

- Upon completion of each module, participants receive credits from IAP2
- After successful completion of the two (2) Modules , participants receive an internationally recognized IAP2 Certificate in Public Participation
- Once certified by IAP2 participants could train to be trainer of trainers.
